SUBJECT INDEX*

A

Abdomen
- Abdominal wound closure—Comparison of monofilament nylon and polydioxanon (letter) (Leese and Ellis), 125
- Aggressive treatment of ruptured abdominal aortic aneurysm in community hospital (Lawler), 38
- Case report: Late rupture of thrombosed abdominal aortic aneurysm (Ricotta and Kirshner), 753
- Discitis as a cause of abdominal pain in children (Leahy et al), 412
- Familial occurrence of abdominal aortic aneurysms (Norrgärd, Rais, Angquist), 650
- Fatal rupture after successful surgical thrombosis of abdominal aortic aneurysm (Kwaan and Dahl), 235
- Intraoperative urinary output does not predict postoperative renal function in patients undergoing abdominal aortic revascularization (Alpert et al), 707

Abdominal cocoon syndrome
- Small bowel obstruction caused by abdominal cocoon syndrome: Possible association with LeVeen shunt (Cambria and Shamberger), 501

Acid
- Perfusion cholangiomanometry with papillary stimulation by dilute hydrochloric acid (Matsushiro et al), 96
- Plasma amino acid and serum unesterified fatty acid deficits and effect of nutritional support in chemotherapy treatment (Ching et al), 730
- Role of substance P in control of gastric acid secretion (Martensson et al), 567

Acute respiratory distress syndrome
- Gamma scintigraphic analysis of albumin flux in patients with acute respiratory distress syndrome (Sugarman et al), 674

Adhesive
- Splenic repair by fibrin tissue adhesive and collagen fleece (Scheele, Gentsch, Matteson), 6

Advocate
- Advocates in vascular controversies (Barnes, Archie, Batson), 739

Albumin
- Gamma scintigraphic analysis of albumin flux in patients with acute respiratory distress syndrome (Sugarman et al), 674

Alcohol
- Effect of alcohol on plasma secretin concentration and pancreatic secretion in dogs (Nishiwaki, Lee, Chey), 85

Allograft
- Dimethylsulfoxide-treated, cryopreserved venous allografts in arterial and venous systems (Sitzmann et al), 154

Amniotic membrane
- Preparation of amniotic membranes for surgical use with antibiotic solutions (Gannaway, Barry, Trelford), 580

Amputation
- Ankle-level amputation (Nakhgevany and Rhoads), 549

Anastomosis
- Comparison between absorbable and nonabsorbable, monofilament sutures for end-to-end arterial anastomoses in growing pigs (Steen et al), 202
- Host-artery weakness in etiology of femoral anastomotic false aneurysms (McCabe, Moncure, Malt), 150

Anesthesia
- Effects of anesthesia on platelet function (letter) (McKenzie), 125; Reply (Megerman), 125

Aneurysm
- Abdominal aortic aneurysm repair combined with second surgical procedure—Morbidity and mortality (Bickerstaff et al), 487
- Aggressive treatment of ruptured abdominal aortic aneurysm in community hospital (Lawler), 38
- Case report: Late rupture of thrombosed abdominal aortic aneurysm (Ricotta and Kirshner), 753
- Familial occurrence of abdominal aortic aneurysms (Norrgärd, Rais, Angquist), 650

Aneurysm, contd.
- Fatal rupture after successful surgical thrombosis of abdominal aortic aneurysm (Kwaan and Dahl), 235
- Host-artery weakness in etiology of femoral anastomotic false aneurysms (McCabe, Moncure, Malt), 150
- Penetrating peptic ulcer and aortic aneurysm with aortogastric fistula (Jensen and Dedichen), 756

Angelchik prosthesis
- Angelchik prosthesis (letter) (Malik, Tahir, Sawyna), 126; Reply (Condon), 127

Angioplasty
- Physical measurement of mechanisms of transluminal angioplasty (Chin et al), 196

Antibiotic
- Preparation of amniotic membranes for surgical use with antibiotic solutions (Gannaway, Barry, Trelford), 580

Antigen
- Factor VIII-related antigen in occluded human arteries and grafts (Potter et al), 683

Antireflux
- Comparison of diagnostic methods for selection of patients for antireflux operations (Jonsell and De Mestier), 2

Aorta
- Abdominal aortic aneurysm repair combined with second surgical procedure—Morbidity and mortality (Bickerstaff et al), 487
- Aggressive treatment of ruptured abdominal aortic aneurysm in community hospital (Lawler), 38
- Avoidance of homologous transfusion in aortic operations: Role of autotransfusion, hemodilution, and surgical technique (Cutler), 717
- Case report: Late rupture of thrombosed abdominal aortic aneurysm (Ricotta and Kirshner), 753
- Familial occurrence of abdominal aortic aneurysms (Norrgärd, Rais, Angquist), 650
- Infrarenal aortic occlusion, colonic blood flow, and effect of nitroglycerin afterload reduction (Fry et al), 479
- Intraoperative urinary output does not predict postoperative renal function in patients undergoing abdominal aortic revascularization (Alpert et al), 707
- Penetrating peptic ulcer and aortic aneurysm with aortogastric fistula (Jensen and Dedichen), 756

Arterial outflow reconstruction
- Should greater saphenous vein be preserved in patients requiring arterial outflow reconstruction in lower extremity? (Houser et al), 467

Arteriovenous fistula
- Arteriovenous fistulas (Dardik), 378
- New approach to treatment of vertebral arteriovenous fistulas (Fairman et al), 112

Arteritis
- Giant cell arteritis involving carotid artery (Fortner and Thiele), 759

Artery
- Axillary artery rupture caused by shoulder dislocation (Gugenheim and Sanders), 55
- Dimethylsulfoxide-treated, cryopreserved venous allografts in arterial and venous systems (Sitzmann et al), 154
- Factor VIII-related antigen in occluded human arteries and grafts (Potter et al), 683
- Giant cell arteritis involving carotid artery (Fortner and Thiele), 759
- Host-artery weakness in etiology of femoral anastomotic false aneurysms (McCabe, Moncure, Malt), 150
- Improved technique for regional perfusion chemotherapy in presence of replaced right hepatic artery using single implantable pump (Hughes and Villella), 355
- Persistent sciatic artery: Two case reports with emphasis on embryologic development (Donovan and Sharp), 363
- Staging of arterial complications of cervical rib: Guidelines for surgical management (Scher et al), 644
- When can revascularization be limited to popliteal artery? (letter) (Corson et al), 127

*January, pp. 1-128; February, pp. 129-248; March, pp. 249-380; April, pp. 381-506; May, pp. 507-634; June, pp. 635-776.

Autotransfusion
Avoidance of homologous transfusion in aortic operations: Role of autotransfusion, hemodilution, and surgical technique (Cutler), 717
Autotransplantation
Bleeding esophageal varices and portal vein thrombosis after pancreatic mixed-cell autotransplantation (Memsic, Busuttil, Traverso), 238

B

Bacteria
Significance of anaerobic bacteria in biliary tract infection after hepatic portoenterostomy for biliary atresia (Brook and Altman), 281
Bile
Management of hemobilia associated with transhepatic internal biliary drainage catheters (Sarr et al), 603
Bile salt
Impairment of human lymphocyte function by bile salts (Keane et al), 439
Biliary atresia
Significance of anaerobic bacteria in biliary tract infection after hepatic portoenterostomy for biliary atresia (Brook and Altman), 281
Biliary tract
Intra-abdominal *Citrobacter* infections: Association with biliary or upper gastrointestinal source (Lew et al), 398
Blood flow
Effect of prostaglandin E_1 on blood flow in normal and ischemic canine hindlimbs (Pasch et al), 724
Effects of substance P infusion on hemodynamics and regional blood flow in conscious dogs (Yeo, Jaffe, Zinner), 175
Human renal allograft blood flow, oxygen extraction, and prostaglandin release: Their bearing on graft function (Klintmalm et al), 427
Infrarenal aortic occlusion, colonic blood flow, and effect of nitroglycerin afterload reduction (Fry et al), 479
Intramuscular pressure, blood flow, and skeletal muscle metabolism in patients with venous claudication (Qvarfordt et al), 191
Regional blood flow and pulmonary thromboxane release after sublethal endotoxin infusion in sheep (Schuette et al), 444
Bonding
Reduced thrombogenic characteristics of expanded polytetrafluoroethylene and polyurethane arterial grafts after heparin bonding (Esquivel et al), 102
Bowel
Partial small bowel obstruction (Brolin), 145
Small bowel obstruction caused by abdominal cocoon syndrome: Possible association with LeVeen shunt (Cambria and Shamberger), 501
Breast cancer
New combined approach to conservative treatment of early breast cancer (Hayward et al), 270
Sex steroid receptor concentration in breast carcinoma tissue: Effect of devascularization during mastectomy (Leight, Wells, McCarty), 256
Budd-Chiari syndrome
Budd-Chiari syndrome with thrombosis of inferior vena cava: Long-term patency of meso-caval and cavoatrial prosthetic bypass (Huguet, Deliere, Levy), 108
Burn
Effect of nonprotein colloid on postburn edema formation in soft tissues and lung (Demling et al), 593
Postburn immunosuppression in an animal model. II. Restoration of cell-mediated immunity by immunomodulating drugs (Hansbrough et al), 290
Role of concentrated sodium solutions in resuscitation of patients with severe burns (Monafo, Halverson, Schechtman), 129
Role of thermal injury-induced hypoproteinemia on fluid flux and protein permiability in burned and nonburned tissue (Demling, Kramer, Harms), 136
Bypass
Basal and exercise tests on morbidly obese patients before and after gastric bypass (Zavala and Printen), 221
Budd-Chiari syndrome with thrombosis of inferior vena cava: Long-term patency of meso-caval and cavoatrial prosthetic bypass (Huguet, Deliere, Levy), 108
Bypass, contd.
Psychologic assessment of morbidly obese patients undergoing gastric bypass: Comparison of preoperative and postoperative adjustment (Gentry, Halverson, Heisler), 215

C

Calcium
Role of ionized calcium in diagnosis of subtle hypercalcemia in symptomatic primary hyperparathyroidism (McLeod, Monchik, Martin), 667
Cancer
Associated hyperparathyroidism and nonmedullary thyroid carcinoma: Etiologic role of radiation (Hedman and Tisell), 392
Cancer in cadaver kidney transplant patients (letter) (Penn), 377; Reply (Birkeland), 377
Effects of surgical treatment and adjuvant chemotherapy studied by depth of penetration in gastric cancer patients undergoing curative gastrectomy (Yasuna et al), 78
Heterogeneity of natural killer lymphocyte abnormalities in colon cancer patients (Balch et al), 63
New combined approach to conservative treatment of early breast cancer (Hayward et al), 270
Pancreatic carcinoma in children (Nagaraj and Polk), 505
Prostaglandin E_2-mediated suppression of cellular immunity in colon cancer patients (Balch et al), 71
Sex steroid receptor concentration in breast carcinoma tissue: Effect of devascularization during mastectomy (Leight, Wells, McCarty), 256
Successful long-term results with resection of pancreatic carcinoma in children: Favorable prognosis for an uncommon neoplasm (Camprodon and Quintanilla), 420
Cannulation
Diagnosis and management of retroperitoneal hematomas after femoral vein cannulation for hemodialysis (Sharp et al), 90
Carbohydrate
Influence of parenteral carbohydrate on fat oxidation in surgical patients (Robin et al), 608
Carotid artery
Giant cell arteritis involving carotid artery (Fortner and Thiele), 759
Carotid endarterectomy
Report of iris neovascularization: Indication for carotid endarterectomy (Hauch, Busuttil, Yoshizumi), 358
Catheter
Dye-enhanced fluoroscopy-directed catheter embolectomy (Robicsek), 622
Management of hemobilia associated with transhepatic internal biliary drainage catheters (Sarr et al), 603
Percutaneous subclavian vein catheterization for hemodialysis in small children (Weiss and Sutherland), 353
Venous access: Prospective, randomized study of Hickman catheter (Wagman, Kirkemo, Johnston), 303
Cell
Cyclophosphamide-sensitive suppressor T cell circuit induced by thermal injury (Kupper et al), 699
Giant cell arteritis involving carotid artery (Fortner and Thiele), 759
Polymerized pyridoxylated hemoglobin: Red cell substitute with normal oxygen capacity (Sehgal et al), 433
Postburn immunosuppression in an animal model. II. Restoration of cell-mediated immunity by immunomodulating drugs (Hansbrough et al), 290
Prostaglandin E_2-mediated suppression of cellular immunity in colon cancer patients (Balch et al), 71
Cervical rib
Staging of arterial complications of cervical rib: Guidelines for surgical management (Scher et al), 644
Chemotherapy
Effects of surgical treatment and adjuvant chemotherapy studied by depth of penetration in gastric cancer patients undergoing curative gastrectomy (Yasuna et al), 78
Improved technique for regional perfusion chemotherapy in presence of replaced right hepatic artery using single implantable pump (Hughes and Villella), 355
Ineffectiveness of adjuvant chemotherapy using DTIC and cyclophosphamide in patients with resectable metastatic melanoma (Balch et al), 454

Chemotherapy, contd.
Plasma amino acid and serum unesterified fatty acid deficits and effect of nutritional support in chemotherapy treatment (Ching et al), 730
Children
Discitis as a cause of abdominal pain in children (Leahy et al), 412
Pancreatic carcinoma in children (Nagaraj and Polk), 505
Percutaneous subclavian vein catheterization for hemodialysis in small children (Weiss and Sutherland), 353
Reduced-sized orthotopic liver graft in hepatic transplantation in children (Bismuth and Houssin), 367
Successful long-term results with resection of pancreatic carcinoma in children: Favorable prognosis for an uncommon neoplasm (Camprodon and Quintanilla), 420
China
Current surgical interests in China (Tseng et al), 169
Chi-square
Computation of chi-square with Yates correction (Neely), 379; Reply (Nicolaides), 379
Cholangiomanometry
Perfusion cholangiomanometry with papillary stimulation by dilute hydrochloric acid (Matsushiro et al), 96
Cholangitis
Acute cholangitis caused by ruptured hydatid cyst (Ovnat et al), 497
Cholecystokinin
Compariosn of cholecystokinin release and gallbladder emptying in men and in women at estrogen and progesterone phases of menstrual cycle (Fried et al), 284
Plasma concentrations of cholecystokinin in patients with duodenal ulcer disease (Fried et al), 27
Circulatory arrest
Pupillary reactivity in circulatory arrest (Lewis and Trunkey), 380
***Citrobacter* infection**
Intra-abdominal *Citrobacter* infections: Association with biliary or upper gastrointestinal source (Lew et al), 398
Claudication
Intramuscular pressure, blood flow, and skeletal muscle metabolism in patients with venous claudication (Qvarfordt et al), 191
Clinical trial
Reporting clinical trials in general surgical journals (Emerson, McPeek, Mosteller), 572
Collagen
Splenic repair by fibrin tissue adhesive and collagen fleece (Scheele, Gentsch, Matteson), 6
Colloid
Effect of nonprotein colloid on postburn edema formation in soft tissues and lung (Demling et al), 593
Colon
Colonic perforation as a complication of peritoneovenous shunt: A case report (Rosenman, Allison, Smith), 619
Heterogeneity of natural killer lymphocyte abnormalities in colon cancer patients (Balch et al), 63
Infrarenal aortic occlusion, colonic blood flow, and effect of nitroglycerin afterload reduction (Fry et al), 479
Prostaglandin E_2-mediated suppression of cellular immunity in colon cancer patients (Balch et al), 71
Controversy
Advocates in vascular controversies (Barnes, Archie, Batson), 739
Cryopreservation
Dimethylsulfoxide-treated, cryopreserved venous allografts in arterial and venous systems (Sitzmann et al), 154
Cyclophosphamide
Cyclophosphamide-sensitive suppressor T cell circuit induced by thermal injury (Kupper et al), 699
Ineffectiveness of adjuvant chemotherapy using DTIC and cyclophosphamide in patients with resectable metastatic melanoma (Balch et al), 454
Cyst
Acute cholangitis caused by ruptured hydatid cyst (Ovnat et al), 497

D

Depression
Chronic depression of lymphocytic traffic by long-term administration of prostaglandins to peripheral lymph nodes in sheep (Moore and Lachmann), 45
Devascularization
Sex steroid receptor concentration in breast carcinoma tissue: Effect of devascularization during mastectomy (Leight, Wells, McCarty), 256
Diabetes
Transcutaneous oxygen tension measurements on limbs of diabetic and nondiabetic patients with peripheral vascular disease (Wyss et al), 339
Diagnosis
Comparison of diagnostic methods for selection of patients for antireflex operations (Jonsell and De Mestier), 2
Dimethylsulfoxide
Dimethylsulfoxide-treated, cryopreserved venous allografts in arterial and venous systems (Sitzmann et al), 154
Discitis
Discitis as a cause of abdominal pain in children (Leahy et al), 412
Dislocation
Axillary artery rupture caused by shoulder dislocation (Gugenheim and Sanders), 55
Dose
Comparison of infectibility of vascular prosthetic materials by quantitation of median infective dose (Bennion, Williams, Wilson), 22
DTIC
Ineffectiveness of adjuvant chemotherapy using DTIC and cyclophosphamide in patients with resectable metastatic melanoma (Balch et al), 454
Duodenum
Plasma concentrations of cholecystokinin in patients with duodenal ulcer disease (Fried et al), 27

E

Economics
Medical and surgical manpower and economic phenomena (Moore), 374
Edema
Effect of nonprotein colloid on postburn edema formation in soft tissues and lung (Demling et al), 593
Editor
Note from editors (Ballinger and Zuidema), 1
Embolectomy
Dye-enhanced fluoroscopy-directed catheter embolectomy (Robicsek), 622
Embryologic development
Persistent sciatic artery: Two case reports with emphasis on embryologic development (Donovan and Sharp), 363
Endarterectomy
Report of iris neovascularization: Indication for carotid endarterectomy (Hauch, Busuttil, Yoshizumi), 358
Endoscopy
Radiologic, endoscopic, and surgical considerations of melanoma metastatic to gastrointestinal tract (Reintgen et al), 635
Endotoxin
Regional blood flow and pulmonary thromboxane release after sublethal endotoxin infusion in sheep (Schuette et al), 444
Erratum
Thyroid gland morphology in young adults: Normal subjects versus those with prior low-dose neck irradiation in childhood (Hanson et al), 296
Error
Statistical errors (Archie), 379
Esophagus
Bleeding esophageal varices and portal vein thrombosis after pancreatic mixed-cell autotransplantation (Memsic, Busuttil, Traverso), 238
Esophageal obstruction caused by mediastinal histoplasmosis: Beneficial results of operation (Gilliland, Scott, Walker), 59
Estrogen
Comparison of cholecystokinin release and gallbladder emptying in men and in women at estrogen and progesterone phases of menstrual cycle (Fried et al), 284
Exercise
Basal and exercise tests on morbidly obese patients before and after gastric bypass (Zavala and Printen), 221

F

Factor VIII
Factor VIII-related antigen in occluded human arteries and grafts (Potter et al), 683

Fat
Fat absorption after longitudinal pancreaticojejunostomy (Bradley and Nasrallah), 640
Influence of parenteral carbohydrate on fat oxidation in surgical patients (Robin et al), 608
Fibrin
Splenic repair by fibrin tissue adhesive and collagen fleece (Scheele, Gentsch, Matteson), 6
Fibrinolysis
Fibrinolytic response to trauma (Kapsch et al), 473
Fistula
Arteriovenous fistulas (Dardik), 378
New approach to treatment of vertebral arteriovenous fistulas (Fairman et al), 112
Penetrating peptic ulcer and aortic aneurysm with aortogastric fistula (Jensen and Dedichen), 756
Flap
Dynamic properties of tissue oxygen in healing flaps (Gottrup et al), 527
Fleece
Splenic repair by fibrin tissue adhesive and collagen fleece (Scheele, Gentsch, Matteson), 6
Fluid
Role of thermal injury-induced hypoproteinemia on fluid flux and protein permiability in burned and nonburned tissue (Demling, Kramer, Harms), 136
Fluoroscopy
Dye-enhanced fluoroscopy-directed catheter embolectomy (Robicsek), 622

G

Gallbladder
Comparison of cholecystokinin release and gallbladder emptying in men and in women at estrogen and progesterone phases of menstrual cycle (Fried et al), 284
Gamma scintigraphy
Gamma scintigraphic analysis of albumin flux in patients with acute respiratory distress syndrome (Sugarman et al), 674
Garb
Surgical garb (Doberneck and Kleinman), 694
Gastrectomy
Effects of surgical treatment and adjuvant chemotherapy studied by depth of penetration in gastric cancer patients undergoing curative gastrectomy (Yasuna et al), 78
Gastric acid
Role of substance P in control of gastric acid secretion (Martensson et al), 567
Gastric ulcer
Long-term results of vagotomy and pyloroplasty in treatment of gastric ulcer disease (Kraft), 460
Gastrin
Vagal control of gastrin release in dog: Pathways for stimulation and inhibition (Debas et al), 34
Gastrointestinal tract
Intra-abdominal *Citrobacter* infections: Association with biliary or upper gastrointestinal source (Lew et al), 398
Radiologic, endoscopic, and surgical considerations of melanoma metastatic to gastrointestinal tract (Reintgen et al), 635
Gland
Surgical anatomy of human parathyroid glands (Akerstrom, Malmaeus, Bergström), 14
GMENAC report
Surgery and GMENAC report: Reality test (Williams), 347
Graft
Factor VIII-related antigen in occluded human arteries and grafts (Potter et al), 683
Human renal allograft blood flow, oxygen extraction, and prostaglandin release: Their bearing on graft function (Klintmalm et al), 427
Quantitative evaluation of ibuprofen treatment on thrombogenicity of expanded polytetrafluoroethylene vascular grafts (Gloviczki et al), 160
Reduced-sized orthotopic liver graft in hepatic transplantation in children (Bismuth and Houssin), 367
Reduced thrombogenic characteristics of expanded polytetrafluoroethylene and polyurethane arterial grafts after heparin bonding (Esquivel et al), 102

H

Hematoma
Diagnosis and management of retroperitoneal hematomas after femoral vein cannulation for hemodialysis (Sharp et al), 90
Hemobilia
Management of hemobilia associated with transhepatic internal biliary drainage catheters (Sarr et al), 603
Hemodialysis
Diagnosis and management of retroperitoneal hematomas after femoral vein cannulation for hemodialysis (Sharp et al), 90
Percutaneous subclavian vein catheterization for hemodialysis in small children (Weiss and Sutherland), 353
Hemodilution
Avoidance of homologous transfusion in aortic operations: Role of autotransfusion, hemodilution, and surgical technique (Cutler), 717
Hemodynamics
Conscious septic dog model with hemodynamic and metabolic responses similar to responses of humans (Shaw and Wolfe), 553
Effects of substance P infusion on hemodynamics and regional blood flow in conscious dogs (Yeo, Jaffe, Zinner), 175
Hemoglobin
Hemoglobin solution—From tetramer to polymer (Moss et al), 249
Polymerized pyridoxylated hemoglobin: Red cell substitute with normal oxygen capacity (Sehgal et al), 433
Heparin
Reduced thrombogenic characteristics of expanded polytetrafluoroethylene and polyurethane arterial grafts after heparin bonding (Esquivel et al), 102
Hepatectomy
Prediction of safe limits of hepatectomy by combined volumetric and functional measurements in patients with impaired hepatic function (Okamoto et al), 586
Hepatic vascular exclusion
Hepatic vascular exclusion and hepatic resection (Starzl), 376
Hernia
Management of recurrent inguinal hernias by muscle transposition—Preliminary communication (Ger, Ravo, Deysine), 712
Hickman catheter
Venous access: Prospective, randomized study of Hickman catheter (Wagman, Kirkemo, Johnston), 303
Histoplasmosis
Esophageal obstruction caused by mediastinal histoplasmosis: Beneficial results of operation (Gilliland, Scott, Walker), 59
Hydatid cyst
Acute cholangitis caused by ruptured hydatid cyst (Ovnat et al), 497
Hydrochloric acid
Perfusion cholangiomanometry with papillary stimulation by dilute hydrochloric acid (Matsushiro et al), 96
Hypercalcemia
The role of ionized calcium in diagnosis of subtle hypercalcemia in symptomatic primary hyperparathyroidism (McLeod, Monchik, Martin), 667
Hyperparathyroidism
Associated hyperparathyroidism and nonmedullary thyroid carcinoma: Etiologic role of radiation (Hedman and Tisell), 392
Role of ionized calcium in diagnosis of subtle hypercalcemia in symptomatic primary hyperparathyroidism (McLeod, Monchik, Martin), 667
Hypertension
Ultrasonographic study of portal venous system in portal hypertension and after portosystemic shunt operations (Bolondi et al), 261
Hypoproteinemia
Role of thermal injury-induced hypoproteinemia on fluid flux and protein permiability in burned and nonburned tissue (Demling, Kramer, Harms), 136

I

Ibuprofen
Quantitative evaluation of ibuprofen treatment on thrombogenicity of expanded polytetrafluoroethylene vascular grafts (Gloviczki et al), 160
Imbalance
Policy proposal for correcting imbalance in general surgical manpower (Perry, Detmer, Buchanan-Davidson), 243

Immunity
Postburn immunosuppression in an animal model. II. Restoration of cell-mediated immunity by immunomodulating drugs (Hansbrough et al), 290
Immunosuppression
Postburn immunosuppression in an animal model. II. Restoration of cell-mediated immunity by immunomodulating drugs (Hansbrough et al), 290
Infectibility
Comparison of infectibility of vascular prosthetic materials by quantitation of median infective dose (Bennion, Williams, Wilson), 22
Infection
Intra-abdominal *Citrobacter* infections: Association with biliary or upper gastrointestinal source (Lew et al), 398
Povidone-iodine and wound infection (Zamora), 121
Significance of anaerobic bacteria in biliary tract infection after hepatic portoenterostomy for biliary atresia (Brook and Altman), 281
Inferior vena cava
Experimental replacement of inferior vena cava: Factors affecting patency (Gloviczki et al), 657
Inguinal hernia
Management of recurrent inguinal hernias by muscle transposition—Preliminary communication (Ger, Ravo, Deysine), 712
Injury
Cyclophosphamide-sensitive suppressor T cell circuit induced by thermal injury (Kupper et al), 699
Role of thermal injury-induced hypoproteinemia on fluid flux and protein permiability in burned and nonburned tissue (Demling, Kramer, Harms), 136
Insulin
Gastric bariatric operation in insulin-treated adults (Herbst et al), 209
Intestine
Mechanisms of protein activation of intestinal phase of gastric secretion (Mariano et al), 492
Iris
Report of iris neovascularization: Indication for carotid endarterectomy (Hauch, Busuttil, Yoshizumi), 358
Ischemia
Effect of prostaglandin E_1 on blood flow in normal and ischemic canine hindlimbs (Pasch et al), 724
Surface pH of medial gastrocnemius and soleus muscles during hemorrhagic shock and ischemia (Kost), 183
Use of intraperitoneal xenon for early diagnosis of acute mesenteric ischemia (Gharagozloo et al), 404

K

Kidney
Cancer in cadaver kidney transplant patients (letter) (Penn), 377; Reply (Birkeland), 377
Effects of bilateral renal transplantation on pelvic hemodynamics and sexual function (Billet et al), 415
Human renal allograft blood flow, oxygen extraction, and prostaglandin release: Their bearing on graft function (Klintmalm et al), 427
Infrarenal aortic occlusion, colonic blood flow, and effect of nitroglycerin afterload reduction (Fry et al), 479
Intraoperative urinary output does not predict postoperative renal function in patients undergoing abdominal aortic revascularization (Alpert et al), 707
Urologic complications in 718 renal transplant patients (Loughlin, Tilney, Richie), 297

L

LeVeen shunt
Small bowel obstruction caused by abdominal cocoon syndrome: Possible association with the LeVeen shunt (Cambria and Shamberger), 501
Lipoblastomatosis
Pediatric lipoblastomatosis: Two unusual cases (Dudgeon and Haller), 371
Liver
Hemodynamic and biochemical monitoring during major liver resection with use of hepatic vascular exclusion (Delva et al), 309
Liver, contd.
Hepatic vascular exclusion and hepatic resection (Starzl), 376
Improved technique for regional perfusion chemotherapy in presence of replaced right hepatic artery using single implantable pump (Hughes and Villella), 355
Management of hemobilia associated with transhepatic internal biliary drainage catheters (Sarr et al), 603
Prediction of safe limits of hepatectomy by combined volumetric and functional measurements in patients with impaired hepatic function (Okamoto et al), 586
Preliminary experience in liver surgery using ultrasonic scalpel (Hodgson and DelGuercio), 230
Reduced-sized orthotopic liver graft in hepatic transplantation in children (Bismuth and Houssin), 367
Role of hepatic veins in liver operations (Ou and Hermann), 381
Significance of anaerobic bacteria in biliary tract infection after hepatic portoenterostomy for biliary atresia (Brook and Altman), 281
Lung
Effect of nonprotein colloid on postburn edema formation in soft tissues and lung (Demling et al), 593
Gamma scintigraphic analysis of albumin flux in patients with acute respiratory distress syndrome (Sugarman et al), 674
Regional blood flow and pulmonary thromboxane release after sublethal endotoxin infusion in sheep (Schuette et al), 444
Lymphedema
Role of lymphovenous communication in development of postmastectomy lymphedema (Aboul-Enein et al), 562
Lymph node
Chronic depression of lymphocytic traffic by long-term administration of prostaglandins to peripheral lymph nodes in sheep (Moore and Lachmann), 45
Lymphocyte
Chronic depression of lymphocytic traffic by long-term administration of prostaglandins to peripheral lymph nodes in sheep (Moore and Lachmann), 45
Heterogeneity of natural killer lymphocyte abnormalities in colon cancer patients (Balch et al), 63
Impairment of human lymphocyte function by bile salts (Keane et al), 439

M

Management
Importance of management training for academic physicians (Martin et al), 52
Manpower
Medical and surgical manpower and economic phenomena (Moore), 374
Policy proposal for correcting imbalance in general surgical manpower (Perry, Detmer, Buchanan-Davidson), 243
Mastectomy
Role of lymphovenous communication in development of postmastectomy lymphedema (Aboul-Enein et al), 562
Sex steroid receptor concentration in breast carcinoma tissue: Effect of devascularization during mastectomy (Leight, Wells, McCarty), 256
Measurement
Physical measurement of mechanisms of transluminal angioplasty (Chin et al), 196
Melanoma
Ineffectiveness of adjuvant chemotherapy using DTIC and cyclophosphamide in patients with resectable metastatic melanoma (Balch et al), 454
Radiologic, endoscopic, and surgical considerations of melanoma metastatic to gastrointestinal tract (Reintgen et al), 635
Membrane
Preparation of amniotic membranes for surgical use with antibiotic solutions (Gannaway, Barry, Trelford), 580
Menstrual cycle
Comparison of cholecystokinin release and gallbladder emptying in men and in women at estrogen and progesterone phases of menstrual cycle (Fried et al), 284
Mesenteric ischemia
Use of intraperitoneal xenon for early diagnosis of acute mesenteric ischemia (Gharagozloo et al), 404
Mesocaval shunt
Results and hemodynamic changes after interposition mesocaval shunt (Reznick et al), 275

Metabolism
Conscious septic dog model with hemodynamic and metabolic responses similar to responses of humans (Shaw and Wolfe), 553
Intramuscular pressure, blood flow, and skeletal muscle metabolism in patients with venous claudication (Qvarfordt et al), 191
Monitoring
Hemodynamic and biochemical monitoring during major liver resection with use of hepatic vascular exclusion (Delva et al), 309
Muscle
Intramuscular pressure, blood flow, and skeletal muscle metabolism in patients with venous claudication (Qvarfordt et al), 191
Management of recurrent inguinal hernias by muscle transposition—Preliminary communication (Ger, Ravo, Deysine), 712
Surface pH of medial gastrocnemius and soleus muscles during hemorrhagic shock and ischemia (Kost), 183

N

Neoplasm
Successful long-term results with resection of pancreatic carcinoma in children: Favorable prognosis for an uncommon neoplasm (Camprodon and Quintanilla), 420
Neovascularization
Report of iris neovascularization: Indication for carotid endarterectomy (Hauch, Busuttil, Yoshizumi), 358
Nitroglycerin
Infrarenal aortic occlusion, colonic blood flow, and effect of nitroglycerin afterload reduction (Fry et al), 479
Note
Note from editors (Ballinger and Zuidema), 1
Nutrition
Nutritional support of hospitalized patient (letter) (Aron), 127
Plasma amino acid and serum unesterified fatty acid deficits and effect of nutritional support in chemotherapy treatment (Ching et al), 730
Nylon
Abdominal wound closure—Comparison of monofilament nylon and polydioxanon (letter) (Leese and Ellis), 125

O

Obesity
Basal and exercise tests on morbidly obese patients before and after gastric bypass (Zavala and Printen), 221
Psychologic assessment of morbidly obese patients undergoing gastric bypass: Comparison of preoperative and postoperative adjustment (Gentry, Halverson, Heisler), 215
Obstruction
Esophageal obstruction caused by mediastinal histoplasmosis: Beneficial results of operation (Gilliland, Scott, Walker), 59
Long-term follow-up result of portopulmonary shunt by splenopneumopexy on membranous obstruction of inferior vena cava (Ono et al), 116
Partial small bowel obstruction (Brolin), 145
Small bowel obstruction caused by abdominal cocoon syndrome: Possible association with LeVeen shunt (Cambria and Shamberger), 501
Oncology
Organization of surgical oncology in university departments of surgery (Rosenberg), 632
Oxidation
Influence of parenteral carbohydrate on fat oxidation in surgical patients (Robin et al), 608
Oxygen
Dynamic properties of tissue oxygen in healing flaps (Gottrup et al), 527
Pathophysiologic classification of peripheral vascular disease by positional changes in regional transcutaneous oxygen tension (Hauser, Appel, Shoemaker), 689
Polymerized pyridoxylated hemoglobin: Red cell substitute with normal oxygen capacity (Sehgal et al), 433
Sequential hemodynamic and oxygen transport abnormalities in patients with acute pancreatitis (Cobo et al), 324
Transcutaneous oxygen tension measurements on limbs of diabetic and nondiabetic patients with peripheral vascular disease (Wyss et al), 339
Oxygen extraction
Human renal allograft blood flow, oxygen extraction, and prostaglandin release: Their bearing on graft function (Klintmalm et al), 427

P

Pain
Discitis as a cause of abdominal pain in children (Leahy et al), 412
Pancreas
Bleeding esophageal varices and portal vein thrombosis after pancreatic mixed-cell autotransplantation (Memsic, Busuttil, Traverso), 238
Effect of alcohol on plasma secretin concentration and pancreatic secretion in dogs (Nishiwaki, Lee, Chey), 85
Pancreatic carcinoma in children (Nagaraj and Polk), 505
Release of ribonuclease from anoxic pancreas (Warshaw and Fournier), 537
Successful long-term results with resection of pancreatic carcinoma in children: Favorable prognosis for an uncommon neoplasm (Camprodon and Quintanilla), 420
Pancreaticojejunostomy
Fat absorption after longitudinal pancreaticojejunostomy (Bradley and Nasrallah), 640
Pancreatitis
Sequential hemodynamic and oxygen transport abnormalities in patients with acute pancreatitis (Cobo et al), 324
Papilla
Perfusion cholangiomanometry with papillary stimulation by dilute hydrochloric acid (Matsushiro et al), 96
Parathyroid
Parathyroid transplantation: A review (Saxe), 507
Surgical anatomy of human parathyroid glands (Åkerstrom, Malmaeus, Bergström), 14
Parenteral carbohydrate
Influence of parenteral carbohydrate on fat oxidation in surgical patients (Robin et al), 608
Patency
Experimental replacement of inferior vena cava: Factors affecting patency (Gloviczki et al), 657
Pediatrics
Pediatric lipoblastomatosis: Two unusual cases (Dudgeon and Haller), 371
Pelvic hemodynamics
Effects of bilateral renal transplantation on pelvic hemodynamics and sexual function (Billet et al), 415
Peptic ulcer
Penetrating peptic ulcer and aortic aneurysm with aortogastric fistula (Jensen and Dedichen), 756
Perforation
Colonic perforation as a complication of peritoneovenous shunt: A case report (Rosenman, Allison, Smith), 619
Peripheral vascular disease
Pathophysiologic classification of peripheral vascular disease by positional changes in regional transcutaneous oxygen tension (Hauser, Appel, Shoemaker), 689
Transcutaneous oxygen tension measurements on limbs of diabetic and nondiabetic patients with peripheral vascular disease (Wyss et al), 339
Peritoneovenous shunt
Colonic perforation as a complication of peritoneovenous shunt: A case report (Rosenman, Allison, Smith), 619
pH
Surface pH of medial gastrocnemius and soleus muscles during hemorrhagic shock and ischemia (Kost), 183
Physician
Importance of management training for academic physicians (Martin et al), 52
Plasma
Effect of alcohol on plasma secretin concentration and pancreatic secretion in dogs (Nishiwaki, Lee, Chevy), 85
Plasma amino acid and serum unesterified fatty acid deficits and effect of nutritional support in chemotherapy treatment (Ching et al), 730
Plasma concentrations of cholecystokinin in patients with duodenal ulcer disease (Fried et al), 27
Platelet
Differentiation of vascular prostheses in dogs with serial tests of in vivo platelet reactivity (Clagett et al), 331

Platelet, contd.
Effects of anesthesia on platelet function (letter) (McKenzie), 125; Reply (Megerman), 125
Polydioxanon
Abdominal wound closure—Comparison of monofilament nylon and polydioxanon (letter) (Leese and Ellis), 125
Polymer
Hemoglobin solution—From tetramer to polymer (Moss et al), 249
Polytetrafluoroethylene
Polytetrafluoroethylene reconstruction of inferior vena cava (Dale, Harris, Terry), 625
Quantitative evaluation of ibuprofen treatment on thrombogenicity of expanded polytetrafluoroethylene vascular grafts (Gloviczki et al), 160
Reduced thrombogenic characteristics of expanded polytetrafluoroethylene and polyurethane arterial grafts after heparin bonding (Esquivel et al), 102
Polyurethane
Reduced thrombogenic characteristics of expanded polytetrafluoroethylene and polyurethane arterial grafts after heparin bonding (Esquivel et al), 102
Popliteal artery
When can revascularization be limited to popliteal artery? (letter) (Corson et al), 127
Portal hypertension
Ultrasonographic study of portal venous system in portal hypertension and after portosystemic shunt operations (Bolondi et al), 261
Portoenterostomy
Significance of anaerobic bacteria in biliary tract infection after hepatic portoenterostomy for biliary atresia (Brook and Altman), 281
Postthrombotic syndrome
Substitute "valve" operation by technique II in patients with postthrombotic syndrome (Psathakis), 542
Povidone-iodine
Povidone-iodine and wound infection (Zamora), 121
Pressure
Intramuscular pressure, blood flow, and skeletal muscle metabolism in patients with venous claudication (Qvarfordt et al), 191
Progesterone
Comparison of cholecystokinin release and gallbladder emptying in men and in women at estrogen and progesterone phases of menstrual cycle (Fried et al), 284
Prostaglandin
Chronic depression of lymphocytic traffic by long-term administration of prostaglandins to peripheral lymph nodes in sheep (Moore and Lachmann), 45
Effect of prostaglandin E_1 on blood flow in normal and ischemic canine hindlimbs (Pasch et al), 724
Human renal allograft blood flow, oxygen extraction, and prostaglandin release: Their bearing on graft function (Klintmalm et al), 427
Prostaglandin E_2-mediated suppression of cellular immunity in colon cancer patients (Balch et al), 71
Prosthesis
Angelchik prosthesis (letter) (Malik, Tahir, Sawyna), 126; Reply (Condon), 127
Differentiation of vascular prostheses in dogs with serial tests of in vivo platelet reactivity (Clagett et al), 331
Prosthetic material
Comparison of infectibility of vascular prosthetic materials by quantitation of median infective dose (Bennion, Williams, Wilson), 22
Protein
Mechanisms of protein activation of intestinal phase of gastric secretion (Mariano et al), 492
Role of theraml injury-induced hypoproteinemia on fluid flux and protein premiability in burned and nonburned tissue (Demling, Kramer, Harms), 136
Psychologic assessment
Psychologic assessment of morbidly obese patients undergoing gastric bypass: Comparison of preoperative and postoperative adjustment (Gentry, Halverson, Heisler), 215
Publication
On dual publications (Ballinger and Zuidema), 504
Pump
Improved technique for regional perfusion chemotherapy in presence of replaced right hepatic artery using single implantable pump (Hughes and Villella), 355
Pupil
Pupillary reactivity in circulatory arrest (Lewis and Trunkey), 380
Pyloroplasty
Long-term results of vagotomy and pyloroplasty in treatment of gastric ulcer disease (Kraft), 460

R

Radiation
Associated hyperparathyroidism and nonmedullary thyroid carcinoma: Etiologic role of radiation (Hedman and Tisell), 392
Radiology
Radiologic, endoscopic, and surgical considerations of melanoma metastatic to gastrointestinal tract (Reintgen et al), 635
Reporting
Reporting clinical trials in general surgical journals (Emerson, McPeek, Mosteller), 572
Resection
Hepatic vascular exclusion and hepatic resection (Starzl), 376
Resuscitation
Role of concentrated sodium solutions in resuscitation of patients with severe burns (Monafo, Halverson, Schechtman), 129
Revascularization
Intraoperative urinary output does not predict postoperative renal function in patients undergoing abdominal aortic revascularization (Alpert et al), 707
When can revascularization be limited to popliteal artery? (letter) (Corson et al), 127
Ribonuclease
Release of ribonuclease from anoxic pancreas (Warshaw and Fournier), 537
Risk
Computing operative risk (Foster), 631
Rupture
Aggressive treatment of ruptured abdominal aortic aneurysm in community hospital (Lawler), 38
Axillary artery rupture caused by shoulder dislocation (Gugenheim and Sanders), 55
Case report: Late rupture of thrombosed abdominal aortic aneurysm (Ricotta and Kirshner), 753
Fatal rupture after successful surgical thrombosis of abdominal aortic aneurysm (Kwaan and Dahl), 235

S

Scalpel
Preliminary experience in liver surgery using ultrasonic scalpel (Hodgson and DelGuercio), 230
Secretion
Role of substance P in control of gastric acid secretion (Martenssen et al), 567
Serum
Plasma amino acid and serum unesterified fatty acid deficits and effect of nutritional support in chemotherapy treatment (Ching et al), 730
Sexual function
Effects of bilateral renal transplantation on pelvic hemodynamics and sexual function (Billet et al), 415
Shock
Surface pH of medial gastrocnemius and soleus muscles during hemorrhagic shock and ischemia (Kost), 183
Shoulder
Axillary artery rupture caused by shoulder dislocation (Gugenheim and Sanders), 55
Shunt
Colonic perforation as a complication of peritoneovenous shunt: A case report (Rosenman, Allison, Smith), 619
Long-term follow-up result of portopulmonary shunt by splenopneumopexy on membranous obstruction of inferior vena cava (Ono et al), 116
Results and hemodynamic changes after interposition mesocaval shunt (Reznick et al), 275

Shunt, contd.
Small bowel obstruction caused by abdominal cocoon syndrome: Possible association with LeVeen shunt (Cambria and Shamberger), 501
Ultrasonographic study of portal venous system in portal hypertension and after portosystemic shunt operations (Bolondi et al), 261
Sodium
Role of concentrated sodium solutions in resuscitation of patients with severe burns (Monafo, Halverson, Schechtman), 129
Solution
Role of concentrated sodium solutions in resuscitation of patients with severe burns (Monafo, Halverson, Schechtman), 129
Spleen
Splenic repair by fibrin tissue adhesive and collagen fleece (Scheele, Gentsch, Matteson), 6
Splenopneumopexy
Long-term follow-up result of portopulmonary shunt by splenopneumopexy on membranous obstruction of inferior vena cava (Ono et al), 116
Statistics
Statistical effors (Archie), 379
Steroid
Sex steroid receptor concentration in breast carcinoma tissue: Effect of devascularization during mastectomy (Leight, Wells, McCarty), 256
Stomach
Basal and exercise tests on morbidly obese patients before and after gastric bypass (Zavala and Printen), 221
Gastric bariatric operation in insulin-treated adults (Herbst et al), 209
Mechanisms of protein activation of intestinal phase of gastric secretion (Mariano et al), 492
Psychologic assessment of morbidly obese patients undergoing gastric bypass: Comparison of preoperative and postoperative adjustment (Gentry, Halverson, Heisler), 215
Substance P
Effects of substance P infusion on hemodynamics and regional blood flow in conscious dogs (Yeo, Jaffe, Zinner), 175
Role of substance P in control of gastric acid secretion (Martensson et al), 567
Support
Nutritional support of hospitalized patient (letter) (Aron), 127
Surgeon
Academic surgeon: Young surgeon's perspective (Glenn), 123
Suture
Comparison between absorbable and nonabsorbable, monofilament sutures for end-to-end arterial anastomoses in growing pigs (Steen et al), 202

T

T cell
Cyclophosphamide-sensitive suppressor T cell circuit induced by thermal injury (Kupper et al), 699
Tension
Pathophysiologic classification of peripheral vascular disease by positional changes in regional transcutaneous oxygen tension (Hauser, Appel, Shoemaker), 689
Tetramer
Hemoglobin solution—From tetramer to polymer (Moss et al), 249
Thermal injury
Cyclophosphamide-sensitive suppressor T cell circuit induced by thermal injury (Kupper et al), 699
Thoracoplasty
First extrapleural thoracoplasty for tuberculosis (letter) (Sommer), 506
Thrombogenesis
Quantitative evaluation of ibuprofen treatment on thrombogenicity of expanded polytetrafluoroethylene vascular grafts (Gloviczki et al), 160
Reduced thrombogenic characteristics of expanded polytetrafluoroethylene and polyurethane arterial grafts after heparin bonding (Esquivel et al), 102
Thrombosis
Bleeding esophageal varices and portal vein thrombosis after pancreatic mixed-cell autotransplantation (Memsic, Busuttil, Traverso), 238
Budd-Chiari syndrome with thrombosis of inferior vena cava: Long-term patency of meso-caval and cavoatrial prosthetic bypass (Huguet, Deliere, Levy), 108
Fatal rupture after successful surgical thrombosis of abdominal aortic aneurysm (Kwaan and Dahl), 235
Substitute "valve" operation by technique II in patients with postthrombotic syndrome (Psathakis), 542
Thromboxane
Regional blood flow and pulmonary thromboxane release after sublethal endotoxin infusion in sheep (Schuette et al), 444
Thyroid
Associated hyperparathyroidism and nonmedullary thyroid carcinoma: Etiologic role of radiation (Hedman and Tisell), 392
Tissue
Dynamic properties of tissue oxygen in healing flaps (Gottrup et al), 527
Effect of nonprotein colloid on postburn edema formation in soft tissues and lung (Demling et al), 593
Role of thermal injury-induced hypoproteinemia on fluid flux and protein permiability in burned and nonburned tissue (Demling, Kramer, Harms), 136
Tracheobronchi
Management of tracheobronchial disruption resulting from blunt trauma (Jones et al), 319
Training
Importance of management training for academic physicians (Martin et al), 52
Transfusion
Avoidance of homologous transfusion in aortic operations: Role of autotransfusion, hemodilution, and surgical technique (Cutler), 717
Transplantation
Cancer in cadaver kidney transplant patients (letter) (Penn), 377; Reply (Birkeland), 377
Effects of bilateral renal transplantation on pelvic hemodynamics and sexual function (Billet et al), 415
Parathyroid transplantation: A review (Saxe), 507
Reduced-sized orthotopic liver graft in hepatic transplantation in children (Bismuth and Houssin), 367
Urologic complications in 718 renal transplant patients (Loughlin, Tilney, Richie), 297
Trauma
Fibrinolytic response to trauma (Kapsch et al), 473
Management of tracheobronchial disruption resulting from blunt trauma (Jones et al), 319
Tuberculosis
First extrapleural thoracoplasty for tuberculosis (letter) (Sommer), 506

U

Ulcer
Long-term results of vagotomy and pyloroplasty in treatment of gastric ulcer disease (Kraft), 460
Penetrating peptic ulcer and aortic aneurysm with aortogastric fistula (Jensen and Dedichen), 756
Plasma concentrations of cholecystokinin in patients with duodenal ulcer disease (Fried et al), 27
Ultrasonic scalpel
Preliminary experience in liver surgery using ultrasonic scalpel (Hodgson and DelGuercio), 230
Ultrasonography
Ultrasonographic study of portal venous system in portal hypertension and after portosystemic shunt operations (Bolondi et al), 261
University
Organization of surgical oncology in university departments of surgery (Rosenberg), 632
Urology
Urologic complications in 718 renal transplant patients (Loughlin, Tilney, Richie), 297

V

Vagotomy
Long-term results of vagotomy and pyloroplasty in treatment of gastric ulcer disease (Kraft), 460

Vagus
Vagal control of gastrin release in dog: Pathways for stimulation and inhibition (Debas et al), 34

Valve
Substitute "valve" operation by technique II in patients with postthrombotic syndrome (Psathakis), 542

Varices
Bleeding esophageal varices and portal vein thrombosis after pancreatic mixed-cell autotransplantation (Memsic, Busuttil, Traverso), 238

Vascular exclusion
Hemodynamic and biochemical monitoring during major liver resection with use of hepatic vascular exclusion (Delva et al), 309

Vein
Diagnosis and management of retroperitoneal hematomas after femoral vein cannulation for hemodialysis (Sharp et al), 90
Dimethysulfoxide-treated, cryopreserved venous allografts in arterial and venous systems (Sitzmann et al), 154
Percutaneous subclavian vein catheterization for hemodialysis in small children (Weiss and Sutherland), 353
Role of hepatic veins in liver operations (Ou and Hermann), 381
Should greater saphenous vein be preserved in patients requiring arterial outflow reconstruction in lower extremity? (Houser et al), 467

Vein, contd.
Venous access: Prospective, randomized study of Hickman catheter (Wagman, Kirkemo, Johnston), 303

Vena cava
Budd-Chiari syndrome with thrombosis of inferior vena cava: Long-term patency of meso-caval and cavoatrial prosthetic bypass (Huguet, Deliere, Levy), 108
Experimental replacement of inferior vena cava: Factors affecting patency (Gloviczki et al), 657
Long-term follow-up result of portopulmonary shunt by splenopneumopexy on membranous obstruction of inferior vena cava (Ono et al), 116
Polytetrafluoroethylene reconstruction of inferior vena cava (Dale, Harris, Terry), 625

W

Wound
Abdominal wound closure—Comparison of monofilament nylon and polydioxanon (letter) (Leese and Ellis), 125
Povidone-iodine and wound infection (Zan.ora), 121

X

Xenon
Use of intraperitoneal xenon for early diagnosis of acute mesenteric ischemia (Gharagozloo et al), 404

Y

Yates correction
Computation of chi-square with Yates correction (Neely), 379; Reply (Nicolaides), 379
